

# WARN TABOR

## Engineered and Tested to the Extreme

---

The all-new WARN Tabor winches offer enhanced styling, upgraded performance, and legendary WARN reliability that you can trust. Whether you're challenging hills or scouting remote game trails, the ever-dependable WARN Tabor shines. Designed by WARN engineers. Tested by our unyielding quality control team. Proven by enthusiasts in the extreme mud, sand, and rock trails of the Oregon back-country.

---

- New convertible control pack for upright or low-profile mounting configurations
- Sealed, waterproof Albright™ contactor for the ultimate in reliability and performance
